

Federal Property Management Regulations

§ 101-28.306-5

code assigned at the time of establishment of the activity account. The customer access code determines the ship-to point for orders placed with the CSC. The ship-to point cannot be changed, one established, except by the submission of a written request signed by an appropriate agency official.

(b) All orders placed with the CSC, except emergency pickup orders, described in §101-28.306-1(c), will be shipped to the activity placing the order via mail or small parcel carrier not later than the end of the next business day.

(c) Walk-in orders for urgent requirements are accepted and filled immediately provided the individual placing the order has proper identification. Telephone orders placed in the morning may be picked up in the afternoon of the same day provided that the individual picking up the order possesses proper identification and the order ticket number provided by the CSC personnel at the time the order is placed.

§ 101-28.306-3 Limitations on use.

(a) Agencies shall establish internal controls to ensure that the use of the CSC account by the agency or other authorized activities is limited to the purchase of items for official Government use. The controls shall include written instructions that contain a statement prohibiting the use of the CSC account in acquiring items for other than Government use. When an agency makes a purchase of more than \$500 per line item from a GSA customer supply center which is other than a similar lowest priced item available from a multiple-award schedule, GSA will assume that a justification has been prepared and made a part of the buying agency's purchase file. Availability of products, regardless of the total amount of the line item price, does not relieve an agency of the responsibility to select the lowest priced item commensurate with needs of the agency.

(b) Office supplies needed by Members of Congress and the Delegate of the District of Columbia for use in their offices in the House or Senate Office Buildings should be obtained from the Senate and Houses Representatives

supply rooms, as appropriate. Members of Congress, except for the Delegate of the District of Columbia, should limit their use of the CSCs to those located outside of the District of Columbia. The Delegate of the District of Columbia may obtain office supplies for the use of his or her district offices from the CSC serving the District of Columbia.

§ 101-28.306-4 Expiration or cancellation.

(a) CSC accounts established for Federal agencies or members of the Federal judiciary are valid for an indefinite period of time unless canceled by the Commissioner, FSS, GSA, or by a GSA Regional Administrator.

(b) CSC accounts established for authorized contractors or Members of Congress will contain an expiration date reflecting the termination date of the contract or term of office. New accounts will be established for reinstated contractors or reelected Members of Congress upon submission of a new application.

(c) Any CSC customer may request cancellation of his/her account when no longer required or whenever there is cause to believe that the customer access code has been compromised. Agencies shall keep GSA advised of any changes in organization or accounting structures that might have an impact on their CSC accounts.

(d) The Commissioner FSS, GSA, may periodically direct a nationwide purge of all CSC accounts to cancel those that are duplicates, not needed, or for which the customer access code has been compromised. Selective account cancellations may be directed by the GSA Regional Administrator in coordination with FSS Central Office. Under the procedures of a nationwide purge, CSC accounts become invalid as of a specific date established by the Commissioner, FSS, GSA, or by a Regional Administrator, and new CSC accounts are established upon receipt of new applications.

§ 101-28.306-5 Safeguards.

Agencies shall establish internal controls to ensure that the customer access codes assigned for their accounts are properly protected. It is by use of
